

The pioneer of

ASSESSMENT TECHNOLOGY

to identify & retain perfect workplace balance

Identify – Hire – Inspire – Retain High Performers!

CUSTOMIZED, INTERCHANGEABLE PRE-EMPLOYMENT TESTS

As a standalone solution.

Either as a stand-alone solution or alongside our performance and exit monitoring process, the Ingelix™ Hiring Assessment Battery is the most advanced assessment library you'll find in the industry. Our library contains an elaborate set of validated and interchangeable real-time hiring metrics specific to you.

This allows for the creation of an unlimited number of custom hiring assessment batteries that can be changed on the fly as the needs for each position within your organization changes.

PERFORMANCE & EXIT MONITORING

As an add-on solution.

Our custom developed performance monitoring system integrates seamlessly with any current employee evaluation process. Ingelix™ also captures exit data completing the entire employee life cycle.

Our process continues to refine the exact type of talent that your organization needs based on the current performance of employees or those who departed your environment then adjusts all hiring requirements to meet the need without any human intervention.

WHAT'S INCLUDED? EVERYTHING!

UNLIMITED FEATURES

No charge for all Ingelix™ features associated with your account level. Everything you need to Identify, Hire, Inspire, and Retain comes with your Ingelix™ account.
